It's Regional program staff briefing the RA. Jim talked to Tom about OWOW management attendance, but Tom didn't think it was necessary.

Do we need to talk internally before the Region's OA briefing?

Jill let me know that they briefed the RA about the topic of ocean acidification last week, without getting into specifics on the listing issue, and that that this briefing is still intended to be focused on OA only, not the other 300+ waterbodies added to the 2012 list. I have to assume that the RA is going to ask about HQ awareness/feedback on this issue.
